

Meridian's multi-award-winning 800 Reference Series has a new stable-mate: the 808 Signature CD Player, shown right.

Meridian's 808. Hear how good your CDs really are.

Meridian's 800 Reference Series has come to be regarded as the pinnacle of audio and video playback, with a level of quality so high that *Stereophile* had to introduce a new category for the 800 Optical Disc Player and 861 Digital Surround Controller.

Now we've added a new component that will make your Compact Disc collection sound even better: the **808 Signature CD Player**.

Each 808 is individually signed by the designers and co-founders of Meridian, Bob Stuart and Allen Boothroyd. Each is optimized for the ultimate in CD playback. Quite simply, we think the 808 is the best CD player ever made.

Choose between two models: the 808 player-only – to integrate with your existing system – and the 808i with full stereo preamp functionality. Either will flawlessly drive a pair of Meridian DSP Loudspeakers directly –

like the DSP7000 or our flagship DSP8000 – or an amplifier (such as our G57) and conventional speakers if you prefer.

For more, contact your authorised Meridian dealer or installer – and experience, for the first time, the full potential of your CD collection.

Superb audio/video components from Meridian. Are you listening?
