REDEFINE THE POSSIBLE

EXPLORER²

THE MERIDIAN AUDIO EXPERIENCE
AT YOUR FINGERTIPS.

MQA

EXPLORER² – PURE MERIDIAN THROUGHOUT

Explorer² replaces your computer's sound card to drive anything from a pair of headphones to a full audio system.

Designed, engineered and hand-made in Cambridge, England – with the same care and attention as every Meridian product. Explorer² delivers the Meridian experience in miniature.

UPSAMPLING & APODISING
DEVELOPED FROM THE 800 SERIES;
NATIVE 192 kHz/24-BIT PERFORMANCE

EXPLORER² – WITH AWARD-WINNING
MERIDIAN RESOLUTION
ENHANCEMENT TECHNOLOGIES

Ultra-low impedance
and 100dB advanced
volume control provide
exceptional control
for the most sensitive
headphones. And there's
a line output too.

Explorer² plays high resolution
24-bit/192 kHz files at their native resolution
without downsampling. Meanwhile, Meridian's unique
Apodising filter can actually fix errors in digital recordings,
making them sound more alive and natural.

EXPLORER² – A FULLY ASYNCHRONOUS,
USB AUDIO CLASS 2 DAC,
BASED ON THE MULTI-AWARD-WINNING EXPLORER.

More than a high-quality portable USB DAC, Explorer² includes Meridian's unique MQA – *Master Quality Authenticated*.

MQA technology is certified by artists, engineers and producers as delivering the *authenticated* sound of the original master.

For the first time in the history of recorded music, you're *really* hearing the artist's performance.

MQA

REDEFINE THE POSSIBLE

We've always believed that when you hear more, you feel more.

We believe that performance speaks for itself.

You simply have to listen.
