Dual 1/4in sockets for separately-wired and conventional headphones. 3.5mm headphone socket suits in-ears.

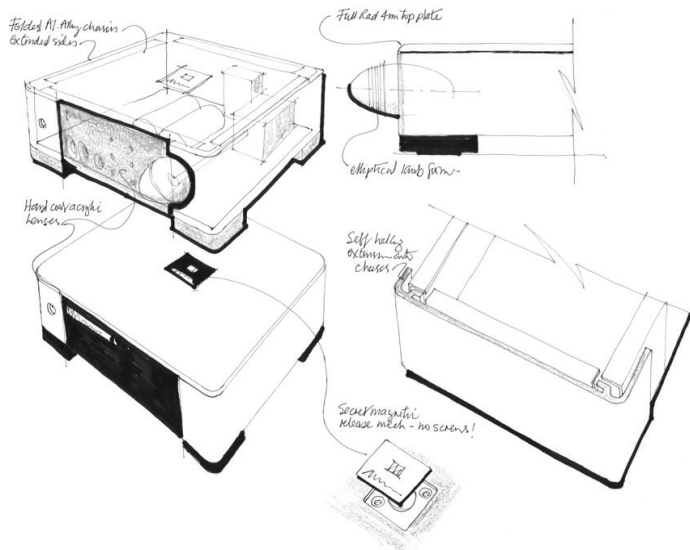

Preamp out for connection to an analogue hi-fi or active speakers.

INNOVATION INSIDE ELEGANCE OUTSIDE MERIDIAN THROUGHOUT

At Meridian,
the look and feel
of a product
is as important
as what's inside.

Co-founder Allen
Boothroyd created a
unique new enclosure,
but echoing previous
iconic Meridian designs
like the G Series
and even Meridian's
original 100 Series.

THE SOUND OF MERIDIAN:
TRANSFORMING
HEADPHONE LISTENING

ANALOGUE SPATIAL PROCESSING FOR A NATURAL, EXPANSIVE SOUNDSTAGE

Meridian's Analogue Spatial Processing (ASP) transforms headphone listening, creating a natural, expansive soundstage that's outside your head – more like listening to loudspeakers.

REDEFINE THE POSSIBLE

We've always believed that when you hear more, you feel more.

We believe that performance speaks for itself.

You simply have to listen.
